## Department of Chemistry

### **Tenure Track Assistant Professorship in Computational/Theoretical Chemistry**

The Department of Chemistry at Brown University invites applications for a tenure track Assistant Professorship in Computational/Theoretical Chemistry. All areas of research in modern computational and theoretical chemistry, including research involving biological and materials chemistry, catalysis, artificial intelligence for chemical discovery, spectroscopy, and electronic structure, will be given thorough consideration. The Chemistry Department is interested in qualified candidates who have demonstrated a commitment to excellence by providing leadership in teaching, research or service toward building an equitable and diverse scholarly environment. The preferred start date is July 1, 2025. To guarantee full consideration, all application materials should be received by November 1, 2024. Applicants must have a Ph.D. and are expected to demonstrate the potential for creative and outstanding scholarship and teaching, and a commitment to diversity and inclusion. Inquiries about the position may be sent to [chemistry-search@brown.edu](mailto:chemistry-search@brown.edu). Applicants should submit a cover letter, complete CV (including a publication list), statement of research plans, a teaching statement, and a diversity and inclusion statement, and should arrange to have three letters of reference sent on their behalf. All application materials and reference letters may be submitted at <http://apply.interfolio.com/148442>. Brown University is committed to fostering a diverse and inclusive academic global community; as an EEO/AA employer, Brown considers applicants for employment without regard to, and does not discriminate on the basis of, gender, race, protected veteran status, disability, or any other legally protected status.
